Where did the word "American" come from?

The word 'American' came out of the Moroccan Empire, and due to European vowel shifts, the word was changed.

Europeans born in America **are not** Americans.

The first Nation to recognize the United States of America (U.S.A.) was the Morocco Empire; by first allowing them to sail on the seas; flying their Star Spangled "Banner" (not flag) of Commerce and Peace; and to pass through the ports (that is what a "passport" REALLY is); and to settle in the American land estate of the Aboriginal and Indigenous Moors; **See:** "Treaty of Peace and Friendship of 1787 - ratified in 1789"; and then provided the Law of the land (American Constitution of 1791), based on divine principles of civilization.

Morocco - the Nation (not kingdom); as affirmed by Hillary Clinton in 2012, who afterwards got hit in the head, or injured her head, and did not make the trip to Morocco - the kingdom. Hillary Clinton then resigned from Secretary of State, but is still in the political / Public Trustee arena. The Morocco Empire in 1789 (that Hillary Clinton was referring to) was NOT, and is NOT, and NEVER will be the Kingdom of Morocco on the other side – across the Atlantic.

A kingdom is subordinate to an Empire. **THEREFORE:** as a Moor American National we are NOT United States of America (U.S.A.) members / citizens, as the U.S.A. are a guest in our house. They were formed as the states of america; the united states; the united states of america; the colonial states; the union states; the charters; the companies; the colonist. -- Wake

Up Sleepy Headed Moors and stop searching for that which you already have -- **You are wealthy!!!**

We cannot honor our own creed and our own mothers and fathers (ancestors) if we do not know them. Study to regain our knowledge of who we are.

We cannot honor our creed; our mothers and fathers (ancestors) by 'name' and principle; nor can we claim our ancestral vast estate if we are claiming to be Negro, Colored or BLACK!!! Nor can we claim our ancestral vast estate if we are members / citizens of ANY Colonial / Union States; American STATES; now identified as the STATE OF ..... (whatever); not to be confused with the American Estate.

These state subordinates have now established a U.S. National, which ONLY EXISTS ON PAPER to deceive - the true Moor National into a false jurisdiction (just like a so-called redemption of a birth certificate does) and take you out of the "Family of Nations." AND to steal our birthright!!!
